Généalogique

The chart is organized into four horizontal levels. The top level has one large box. The second level has two boxes connected by a horizontal line. The third level has four boxes, each connected to one of the boxes in the second level. The bottom level has eight boxes, each connected to one of the boxes in the third level. The boxes are white with blue outlines and are connected by black lines. The background is a textured parchment paper with a blue border and decorative flourishes.
